

furan derivatives

R 0060

37 - 156

Fungicidal Activity of Arylfurylketoximes. — A series of arylfurylketoximes and their O-ethyl ethers and O-esters are prepared and evaluated for their fungicidal phytoiatric activity, in vitro and in vivo. The O-acetyl derivatives and the free oximes show a very good activity. No yields are given. — (MASSOLINI, G.; CARMELLINO, M. L.; BARUFFINI, A.; *Farmaco* 51 (1996) 4, 287-292; *Dip. Chim. Farm., Fac. Farm., Univ. Pavia, I-27100 Pavia, Italy*; EN)
