

to AMS and its flexibility in meeting the diverse demands placed on aviation operations within the healthcare setting.

Corporate Jets welcomes the following programs: React, Rockford, Ill.; Flight For Life, McHenry, Ill.; Wyoming Life Flight, Casper, Wyo.; Duke Life Flight, Durham, N.C.

The acquisition of Heli-Dyne Systems Inc., in the Dallas/Ft Worth Metroplex, brings another dimension to CJI's capabilities. Heli-Dyne provides a South-Central operations base for CJI and offers total "in-house" helicopter interiors design, completion, and major maintenance/overhaul expertise.

Safety Award

Indianapolis Heliport

Corp. (IHC) has received from the FAA an Air Ambulance Safety Award for 11,000 hours of accident-free flying.

This safety award is the first of its kind to be presented to a hospital EMS helicopter provider. This safety record was achieved during a time of rapid growth and many accidents in the air medical transport industry. The Indianapolis Heliport Corp. affirmative safety and compliance stance is demonstrated in its encouragement of all company pilots to participate in the FAA "Wings" pilot safety program.

Officers Elected

The National Federation for Specialty Nursing Organizations (NFSNO) elected its 1992-1993

Officers at its annual meeting, held this year in Minneapolis, Minn.

The newly elected officers are: president, Sally Burrows-Hudson, MSN, RN, CNN, of Sunnyvale, Calif., representing the American Nephrology Nurses Association (ANNA); vice president, Scott Gray, CRNA, of Hoquiam, Wash., representing the American Association of Nurse Anesthetists (AANA); secretary, Ruth G. Mullins, MN, RN, CPNP, of Huntington Beach, Calif., representing the National Association of Pediatric Nurse Associates and Practitioners (NAPNAP); and treasurer, Noreen Heer Nicol, RN, MS, FNC, of Denver, Colo., representing the Dermatology Nurses Association (DNA). The officers hold their

respective positions for one year.

The National Federation for Specialty Nursing Organizations is a national professional organization of 38 member organizations representing over 350,000 nurses.

Helicopter Goes Down

Rocky Mountain Helicopters Inc. (RMHI) announced that one of the helicopters it operates as a part of an air-medical emergency services program at Sioux Valley Hospital (Sioux Falls, S.D.) was involved in a non-injury accident on August 9, 1992.

Due to an undetermined cause, the American Eurocopter BO 105 twin-engine helicopter inadvertently terminated its flight, entering Lake Madison near Sioux Falls at approxi-
